

INSURER _____

ADDRESS _____

**STATE OF DELAWARE
NOTICE AND CONSENT FORM
FOR AIDS VIRUS (HIV)
ANTIBODY/ANTIGEN TESTING**

INSURANCE APPLICANT'S NAME: _____

To evaluate your eligibility for insurance coverage, it is requested that you consent to be tested to determine the presence of antibodies or antigens to the Human Immunodeficiency Virus (HIV). By signing and dating this form, you agree that these tests may be performed and that underwriting decisions will be based on the test results.

TESTING CONSIDERATION:

The State of Delaware requires pre- and post-test counseling for people tested for exposure to the AIDS Virus (HIV) so that they can receive information concerning the implications of such tests (16 Del. C., 1202. [e]). If your personal physician is administering these tests, you will receive counseling from your physician. You can also go to one of the Delaware AIDS program offices listed on Attachment 1 and receive the necessary tests and counseling.

DISCLOSURE OF TEST RESULTS:

Delaware law requires that all HIV-related test results will be treated confidentially (16 Del. C., 1203 [a]). The results of the tests will be reported to the insurer identified on this form. Consent for the insurer to share this information with the Medical Information Bureau, Inc. (MIB), or the insurer's affiliates and reinsurers can be given by you when you allow for it under the CONSENT portion of this form. Consent for sharing of information that may appear on any other document shall not apply to release of results of AIDS Virus (HIV) Antibody / Antigen testing. Results of the tests will not otherwise be disclosed except as required or allowed by law.

MEANING OF POSITIVE TEST RESULTS:

While positive HIV Antibody / Antigen test results do not mean that you have AIDS, they do mean that you are at increased risk of developing AIDS or AIDS-related conditions. The tests are tests for antibodies to the HIV virus, the causative agent for AIDS, and show whether you have been exposed to the virus. Positive HIV Antibody / Antigen test results will adversely affect your application for insurance. This means that your application will probably be declined.

CONSENT:

I have read and I understand this Notice and Consent form. I voluntarily consent to testing and disclosure as described above. I understand that I have the right to request and receive a copy of this form. A photocopy of this form will be as valid as the original.

I authorize that results from these tests shall be released and shall be released only to those whom I have checked below:
